Understood. Will other services continue such as street maintenance?

Ellen

Good morning Ellen,

Just want to bring to your attention the high volume of syringes being toss inside this bigbelly.

I cannot have the corpsmember driver service anymore bigbelly's under these conditions. It's a safety hazardous matter taking syringes to the City of LA sanitation site. I'm going to attach a list of Call Active Clean up companies that can come out and service these types of matters.

Please advise.

Thank you,

Lorena Umana
